Livingstonia
Hospital Partnership

Issue 7 Nov 2010

Dear Members and Friends,

As Maureen stood down at the AGM, I have taken over as Chairperson of the Livingstonia Hospital Partnership. We acknowledge Maureen's work in bringing this charity into being, and I am delighted that she is still on Committee and happy to give any assistance she can. There are four new Committee members who we welcome, and are already encouraged by their willingness to use their many talents. We were sad to accept Lynsey Alexander's resignation but thank her for all her hard work over these last three years.

It's that time of year when the nights are drawing in, it's still dark when I leave for work in the morning, and although Halloween has just passed, the shops are already stocking up with Christmas Gifts, cards and decorations. How many days to Christmas I hear you ask....

This year the Partnership has some new gifts on offer. To celebrate the first centenary of David Gordon Memorial Hospital, the Committee has published what we hope will be the first in a series of cookery books – 'Recipes to Warm the Heart'. This is full of family favourites from the Committee members' kitchens, our family and friends.

We have also produced a high quality reusable cotton carrier bag. Useful for shopping, carrying books to college, or even for wrapping Christmas gifts with its seasonal colours... Please consider both these gift ideas, together with our 'Difference Gifts'. This Christmas please consider giving a gift that will really make a difference.

The Partnership continues to send regular support to DGMH - £4000 per month and we have also funded the transportation of equipment which has been kindly donated, and we have been providing the funding for a nurse, Mike Nkwazi, to upgrade to degree nurse level.

Mike at work in maternity

The Committee recognise that without your continued support we could not provide this vital help and that healthcare at Livingstonia would suffer. We very much appreciate all who give both regularly and as they can. Please continue to pray for the staff at the hospital, for new staff and also for enthusiasm and unity of purpose especially amongst the management committee. Thanking you for your support,

Thank you,

Barbara
